candidate in the coming pro-  
vincial election, and Hon.  
George Johnson, speaker in  
the last house, addressed a  
well attended meeting in  
Oyen theatre last Friday  
night.

Both speakers were well re-  
ceived and given hearty  
ovations. Mr. John O. Bale  
was chairman of the meeting.

## Government Aim to Control All Mar- keting of Wheat

Through new legislation  
the Dominion government  
aims to control the whole of  
the wheat marketing opera-  
tions of Canada, and to con-  
trol also the marketing of  
coarse grains. The govern-  
ment's new grain board bill  
was introduced in the House  
of Commons Monday and  
passed the second reading  
to day.

farmers whose fields are af-  
fected are urged to take im-  
mediate action in putting  
out poisoned bait.

Crops and garden truck  
should make more rapid  
growth now.

## Here and There

Two or three times as much rainfall this year between April 1 and May 8 on the Prairies as compared with the same period last year makes the outlook for the 1935 harvest similar to that at the same time of year in 1932 when the largest crop since 1928 was recorded, states T. S. Acheson, general agricultural agent of the Canadian Pacific Railway in the West.

Leonard J. Pohlmann, traveling passenger agent, Canadian Pacific Railway, with headquarters at New York, was recently elected vice-president of the American Association of Traveling Passenger Agents of New York. Mr. Pohlmann has been a member of the association's executive committee for the past year.

Hotel Saskatchewan, Regina, distinguished itself recently by staging a Chinese Mandarin dinner dance, said to be the first of its kind on this continent. As stage decoration there was used a hundred-foot runner and side drapes, hand-made by Chinese many decades ago, and insured while in use at a valuation of \$6,000. The orchestra was in Chinese dress and provided music with a decidedly Eastern background.

T. J. Jackson, who has just been appointed first assistant manager of the Royal York Hotel, Toronto, in succession to Cyril Chapman, promoted to the post of manager of the Seignior Club of Quebec, started as cashier at the Chateau Frontenac in 1924, and has had rapid advancement to his present high position.

To Charles Montgomery, one-time switch-tender and at present elevator operator at the Canadian Pacific uptown office building in Winnipeg, go all honors for having constructed what is probably the most perfectly finished model of a locomotive on the continent. It is a five-foot replica of a Canadian Pacific class "2300", finished in brass, and copper, and took five years to construct.

Out of active service for some years past, Canadian Pacific liner Melita has been sold to Italian shipbreakers. She was built in Glasgow in 1918.

"Never betray a trust; be honest; do what other men can do; and work your eight hours a day," is the recipe for success enunciated by Caleb R. Smith, international chairman of the Million-Dollar Round Table, speaking to the Life Underwriters in convention at the Royal York Hotel, Toronto, recently.

James G. Millar, Medicine Hat, veteran Canadian Pacific engineer, recently celebrated his 82nd birthday, when railway acquaintances and relatives gathered to congratulate him. He was born in Drummondville, Que., and has been drawing a railroad cheque for more than 64 years.

A couple of score of fine old railroaders who five decades ago helped push the steel around the north shore of Lake Superior for the Canadian Pacific Railway, gathered near Jackfish, Ont., recently, to re-enact the driving of the last spike at Noso on May 16, 1885. Alex. Anderson, Port Arthur, who held the spike when it was driven fifty years ago, drove home a new gilded spike with a vigor that belied his 81 years.

## Summer in the Rockies

Indications from representatives of the Canadian Pacific Railway throughout the world are that pleasure travel this year will be on a greater scale than any time in the last two years, bringing more visitors to Canada from the United States, Europe, and the Orient, and pouring millions of dollars into Canadian pocket-books.

Western Canada is expecting a good share of this traffic and the Canadian Pacific Railway is making extensive preparations there in its hotels and bungalow camps. Dates have been arranged for special entertainments at Banff Springs Hotel, which opens on June 16, and Chateau Lake Louise, which opens on June 21.

With Banff or its sister resort,

Lake Louise, as headquarters, tours can be made to such well-known places as Johnston Canyon, Moraine Lake and the Valley of the Ten Peaks, the Lakes in the Clouds, the Plain of the Six Glaciers, the Great Divide, Wapta Lake Bungalow, Yoho Valley and bungalow camp, Takakkaw Falls, the historic Kicking Horse Pass, Mount Stephen, and the great mountains near Field, B.C.

The large Canadian Pacific Railway hotel at Banff is equipped in every way for the comforts of visitors; the hot radio-active sulphur springs have been turned into a swimming pool, side by side with a pool filled with fresh water; the rolling floor of the valley has been made into a picturesque golf course; there are

fast, well kept tennis courts.

Throughout the summer there is fun and plenty to do at this beautiful resort, with special events at short intervals, starting with the Calgary Stampede which will be held from July 8th to 13th. Two societies with world-wide membership will hold their official outings, the Trail Riders of the Canadian Rockies from July 26th to 30th, and the Trail Hikers of the Canadian Rockies from August 2nd to 4th. Indian Days will return to Banff from July 19th to 21st, when Western Indians in their native costumes will re-enact ancient tribal ceremonies. The Banff Golf Week, with the Prince of Wales Trophy as the main prize, is from August 26th to 31st.

## Oyen Ladies Aid

The June meeting of Oyen Ladies Aid, at which ladies of the Excel "Aid" were guests, was held at the home of Mrs. M. Johnson, last Thursday. A talk was given by Rev. E. F. Kemp. A bible cake contest arranged by Mrs. S. A. Miller, was won by Mrs. Harvey C. Johnson.

Mrs. Kemp was presented with a quilt as a token of remembrance. The gift was accompanied by a little poem which expressed delightfully the sentiments of the donors.

Afternoon tea was served by Mrs. W. M. Denton, Mrs. Thornton Ford and Mrs. S. A. Miller.

## Late Season Record

According to the Government crop report issued June 6, the latest record in the history of the province was established this year in seeding of wheat.

In many districts wheat seeding was not completed till June 1. In some localities west and north-west of Edmonton, wheat seeding has been practically abandoned on account of the land being too wet to work and the acreage thus effected will be sown to coarse grains.

While an actual estimate of the wheat acreage in the

province will not be possible until the June card survey is complete, it is believed it will be five per cent down on last year.

Generally speaking, moisture conditions all over the province, are considered adequate for the present.

Oyen's ball park is in fine condition for the annual sports day events to be held next Wednesday.

## Why Motorists Look That Way

According to figures by the Dominion Bureau of Statistics, Canadian motorists paid slightly over 47 million—yes, million—dollars in taxes in 1933; slightly over ten per cent of the total highway debt of all provinces in the Dominion for the same year.

This was collected from two sources only—gasoline tax and registration fees.

## A LITTLE COMPANY GROWN BIG

IMPERIAL OIL was a little Company in 1880. There was then only a handful of employees. A dozen or so products were the Company's stock in trade.

Today nearly 18,000 Canadian men and women are engaged in making and selling 714 different Imperial Oil Products. So, counting their families, there are about 90,000 people directly dependent for livelihood on this Company and its operations. 90,000 is a lot of Canadians.

Imperial Oil's growth depended upon more than growth in population and demand. Fair dealing, honest value and the ability to meet new needs with

new products and new services all played their part. Of course, a loyal, capable staff was indispensable. Such a staff was built up by fair and considerate treatment. Good wages, sickness and death benefits, retirement pensions, group insurance, industrial councils—these are some of the measures by which the Company has recognized its responsibility to the men and women in its employ.

These men and women have recognized in turn their responsibility to the Company. By loyal, whole-hearted service they have helped it to make better products at lower cost and thus become "a big company."
